

# Data Usage Agreement of Video Stress Dataset

In consideration of the promises and mutual covenants contained in this Agreement, the Recipient agrees to the terms and conditions below.

## Article 1. Recipient Information

Recipient Primary Investigator Name: \_\_\_\_\_  
Recipient Institution Name: \_\_\_\_\_  
Recipient Institution Address: \_\_\_\_\_  
Recipient Email: \_\_\_\_\_

## Article 2. Dataset and Grant of License

2.1 The Dataset has been compiled by Tsinghua University and comprises video recordings and associated metadata collected for the purpose of stress detection research.

2.2 Tsinghua University grants the Recipient a non-exclusive license to use the Dataset solely for not-for-profit educational and/or research purposes. Uses include, but are not limited to:

- Analyzing stress indicators in video recordings
- Developing machine learning models for stress detection
- Comparing with other physiological stress measurement datasets

## Article 3. Recipient Representations

3.1 The Recipient confirms that no pre-existing legal obligations or applicable laws prevent them from using this Dataset in compliance with this Agreement.

## Article 4. Use Restrictions

4.1 The Dataset may not be used for:

- Commercial purposes without prior written consent
- Re-identification of human subjects
- Distribution to third parties outside the research team

## Article 5. Confidentiality

5.1 All personally identifiable information (if any) must be handled in accordance with GDPR and local privacy regulations.

## **Article 6. Termination**

6.1 This license terminates automatically if the Recipient breaches any terms of this Agreement.

## **Article 7. Disclaimer**

7.1 Tsinghua University provides the Dataset "as is" without any warranties, expressed or implied.
